

# Single Audit Quality

Want to ensure your single audit is done to the **best standard** possible? According to the AICPA\*, there are three factors that make that happen.

## Quantity

The more single audits a firm performs annually, the better your chances the audit will conform.

## Certification

Governmental Audit Quality Center members vastly out performed other firms in terms of quality.

greater conformity than non-members

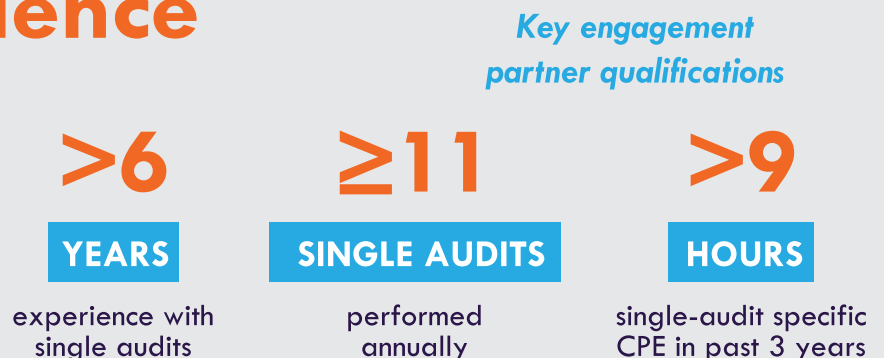

GAQC membership  
+  
≥11 single audits annually

---

**100%**  
conformity

## Partner experience

The more single audits the engagement partner performs annually, the higher the audit quality.

Need a firm with more experience? **PMB Helin Donovan** performs more than 17 single audits every year. Ask how we can raise the bar for yours.
